

## **You Must Believe**

“You must believe in the one he has sent”

You must believe in Christ Jesus

What does belief in Jesus mean?

Three aspects

To believe in Jesus Christ is to believe in the resurrection. Life after death. This has a profound influence upon our lives. Not simply because I shall be in communion with my Father who has died, Not only because there was still hope upon the death of my mother.

More than that I believe that no act of kindness is ever lost. No expression or example of goodness is ever futile. That all I live. That all that we live is of eternal significance.

Christ rose from the dead

We share in the resurrection

I shall stand with my sisters and brothers the poor, and although I shall feel shame, I will be loved eternally

“You must believe in the one he has sent”

You must believe in Christ Jesus

What does belief in Jesus mean?

To believe in Jesus Christ is to believe in myself. For Christ Jesus believes in me. This has a profound influence upon my life. There is the dignity that was expressed at my baptism and that I now am called to full fill. The aspiration of one who is an apostle called to forgiveness, called to constant transformation in faith. Not one second of my existence is independent of the relationship I have with the second person of the Holy Trinity.

Christ believes in me

I must believe in self

I am by my faith committed to taking up the challenge, even the cross

“You must believe in the one he has sent”

You must believe in Christ Jesus

What does belief in Jesus mean?

To believe in Jesus Christ is to believe in others. For Christ Jesus suffers with the poorest, and calls the most successful back to the truth of humility. Christ Jesus formed the community of the Church that we could act together, and not as private worshipers. Christ Jesus proclaimed that all who share in love are my brother and sister and mother. I share responsibility

Christ believes in others

I must believe in others

To proclaim faith in Jesus and do nothing is a living lie

You must believe in the one he has sent

Which means belief in Christ Jesus

Which means that this second is of eternal significance

Which means that I am of eternal significance

Which means that we are of eternal significance

Which means that faith in Jesus

is not only the comfort

But also the invitation into the battle of life
